

BREAST CANCER RESEARCH TRUST

# BrEaST *Bulletin*

March 2024

Welcome to our March newsletter.

Our research team is busy setting up two international clinical trials and an evaluation project. We look forward to making the following studies available to our patients:

1. An international drug trial called the “**CAMBRIA-2**”. This trial will investigate a new hormone (endocrine) drug called Camizestrant. This will be compared to standard hormone treatment for patients who are high risk for breast cancer recurrence. The hope is that the new drug will prevent breast cancer recurrence in more patients and ensure that they have more time with loved ones.
2. A trial coordinated internationally by the University of London called “**OPTIMA**”. This trial aims to find out if a gene test (called Prosigna) on breast cancer tissue can identify patients who are at high risk for breast cancer recurrence. The trial will help doctors to more accurately decide who should and shouldn't have chemotherapy.
3. For women choosing to have breast conserving surgery, a breast surgeon needs to precisely locate the breast tumour during surgery. In the near future Waikato breast surgeons will take part in a national evaluation introducing a **new marking or localisation technique which uses radar technology**.

BCRT research nurses put many hours into obtaining approvals and setting up clinical trials and other studies. This includes Waikato studies from the Breast Cancer Foundation National Register.

With no direct government funding for research, donations and fundraising enables BCRT research nurses to ensure research and studies happen!

**I encourage you to support our fundraising activities in this newsletter, or we would love you to organise your own small pink-themed fundraiser!**

BrEaST wishes,

**Jenni Scarlet**

**BCRT Secretary & Research Nurse**

We are so EGGcited to let you know that if you donate to the Breast Cancer Research Trust between 1 and 24 March, you will get to go into the draw to win a "sweet" hamper, sponsored by ChocolateWorks NZ Ltd.

Breast cancer forever changes the lives of the patient and those around them so *HOP ON IT* and join our circle of Gaining Knowledge and Saving Lives.

## Fundraise for breast cancer

**Every day, more than one Waikato woman  
will be diagnosed with breast cancer.**

**Every day, ten NZ women  
will be diagnosed with breast cancer.**

**The Breast Cancer Research Trust team works to  
gain knowledge to save lives, improve outcomes and  
the quality of life for those diagnosed with breast  
cancer. We understand that breast cancer forever  
changes the lives of the person diagnosed and those  
around them.**

**Host a pink-themed fundraiser to support the  
Breast Cancer Research Trust. Popular days are:**

- **During the month of May in celebration of  
Mother's Day or International Clinical Trials Day  
(20th)**
- **October which is breast cancer awareness month**
- **or anytime is a good time to raise awareness!**

**Your support enables the Trust to remain at the  
forefront of international breast cancer research.**

Easter is a time of joy and renewal, and what better way to celebrate than with gifts and decorations that give twice.

Whether you're looking for a unique Easter inspired dress or want to create a festive atmosphere in your home, there are plenty of options to choose from at the Op Shop for Breast Cancer and Op Shop Pop Up for Breast Cancer.

So "hop" into the shops, both conveniently situated at 750 Victoria Street, Hamilton and browse through our amazing Easter inspired stock.

Doors open 10am to 2pm, Monday to Saturday.

---

On the 8th March we celebrated **International Women's Day**. This was a day we celebrated the courage and bravery of trial participants from around the world (including women from the Waikato) whose efforts have ensured better treatments and care for future generations diagnosed with breast cancer.

Here's to **STRONG** women!  
May we **KNOW** them.  
May we **BE** them.  
May we **RAISE** them.

**Happy Women's Day!**
